

Dear friend

I have sent a milk portion
round our village & it has returned with a promise
upon it signed by responsible people of 160 quarts of
milk 9 pints of cream & 23 dozens of eggs - These you
may depend upon - one man has promised to send
more milk &c but it will most like all be
sent to you at the time instead of being added to our
store - This suits me just as well - I headed the list with
16 quarts of milk & as every body knows I have no very
one who had ^{and} could not refuse - Maximum ~~gave~~ 1695 -
I have 20, $\frac{1}{4}$ bushel 20 + 5 doz of eggs - The community
send 4095 - I enclose a check for 16 dollars - 10 dollars
from Miss Mary Rotter & five from the community
both far Dr Channing's address - the one dollar is from
Gusen & she says you may use ^{it} for the address or what
you think best

What an affair the Latimer case has been! An illustration
of what Slavery - new organizations of freemen, can do
The prophets red mill in time swallow up all ~~that~~
those of the magicians - indeed has it not now?
I have thought of this Latimer business all the time -
I will tell you that I wrote the say to the air of the
Insubordination - Yours to Avold long since is noble - Mine whistled
of itself I could not help writing it - Your yes & h fallen
